## WORLD GOVERNMENT IMMINENT

### Proposed United Nations Charter Plot To Legalize General Assembly Resolution Law Making It Binding On All Member Nations

The United Nations has failed in its mission to keep peace in the world and is on the verge of collapse. More than forty wars since 1940 is the direct result of the UN so-called PEACE ACTIONS. Now a propaganda campaign is on way to enlist Senate support and approval for a new UN Charter, contents of which can be found in a new book by Grenville Clark and Louis Sohn "WORLD PEACE THROUGH LAW."

The General Assembly of the UN has been governing the world for more than ten years by General Assembly Resolution, an ENTIRELY ILLEGAL PROCESS. Now, to save itself, the UN is trying to LEGALIZE Resolution Law by this new charter. Recent exposure of the Resolution Law has no doubt brought about this move to get the Senate to adopt a new charter which will LEGALIZE the ILLEGAL actions of the General Assembly the past ten years which have fastened so much un-Constitutional law upon the United States.

This diabolical plot to make General Assembly Law legally binding on all member nations — the entire world — must be stopped. WE DO NOT NEED THE UNITED NATIONS in the first place. An evil tree cannot bear good fruit. We ask our readers to write their Senators not only NOT TO SUPPORT AND APPROVE THE NEW UN CHARTER, but to urge them to GET THE UNITED STATES OUT OF THE UNITED NATIONS AND THE UNITED NATIONS OUT OF THE UNITED STATES. There can be no peace in the world until this den of iniquity, this tower of babel, is destroyed forever.

The following editorial from the Fort Lauderdale News is frightening.

By HARVEY A. CALL

Blueprints for a vast world change need not be either bulky nor prettied up for a ready sale to unsuspecting people.

That was evident last week when some 1,800 editors of daily newspapers across the nation received a simple memo and a rather plain, unimpressive appearing pamphlet. It was entitled: "The United Nations of 1975" with a subtitle of "A Conference to Study U.N.'s Role in the Next Decade."

The package was wrapped up in three and a quarter pages of type — less than 1,000 words all told. But what those 1,000 words told!

At the outset — the "conference" — consisting of some 15 world figures — observed what has been observed so often, namely that "there is a grave danger the U.N. may not survive the next 10 years."

Because of this, the group maintains there must be "complete and enforced disarmament of all nations"; a permanent U.N. peace force to maintain international peace; "A GENERAL ASSEMBLY EMPOWERED TO ADOPT BINDING RULES AND REGULATIONS . . . and implementing the disarmament plan"; "a revised voting system appropriate to the strengthened

JAMES PAUL WARBURG

"We shall have world government whether we like it or not. The only question is whether world government will be achieved by conquest or consent."

\* \* \* \*

The above statement by James Paul Warburg made before the Senate, Feb. 17, 1950, spearheaded the drive of the Invisible Government for a world super state. The proposed new charter of the UN will legalize the Zionist blueprint for world government.

U.N. including abolition of the present 'veto power' in the Security Council," a system of courts to decide issues; "A WORLD DEVELOPMENT PROGRAM" requiring that the world use a substantially larger share of its resources to promote the economic and social advancement of the less-developed nations"; "a reliable and adequate revenue system" for the U.N. (meaning taxing powers), and eligibility of all nations for membership.

Summed up, this amounts to a blueprint for a super world government.

The proposals for forced disarmament are the key to reducing nations to the status of boroughs of the world organization. It is specified that "each nation would retain only strictly limited and lightly armed forces for internal order."

Vital, too, is the proposal to abolish the "veto power" which has enabled the major powers of the world to retain a voice in U.N. affairs despite the watering down of General Assembly votes through the vastly increased membership over the past 20 years.

The document would be somewhat less significant if it were not for the fact it was transmitted to the permanent delegates over the signatures of two past presidents of the General Assembly — Gen. Carlos P. Romulo of the Philippines and Sir Muhammad Zafrulla Khan of Pakistan.

The blueprint does not purport to be an official recommendation in any sense — merely the conclusions of "friends" of the

U.N. And, it is specified they met in San Francisco last June under the auspices of the Stanley Foundation of Muscatine, Iowa.

Distribution of the blueprint, however, is timely as it seeks to ride on the coattails of the peace appeals by President Johnson and Pope Paul. It sounds a world call for people to rally for the U.N. reforms proposed:

"Every citizen and every nation should press for a Charter Review Conference UNTIL THE DEMAND BECOMES IRRESISTIBLE. The smaller nations now have the opportunity to lead the way," it was asserted.

In directing the attention to the smaller nations and calling upon them to assume leadership, the proposal invites the "emerging nations," many of which have fallen under the influences of communism or are the active targets of Red programs, to clamor for these changes.

All of this might be dismissed as of minor significance if it were not for the fact the United Nations has failed in its peace-keeping mission. As a result, it is threatened with collapse. The alternative would appear to be reorganization and that might well be along the lines of creating a world government with full power to crack down on all nations. The "police force," as it might be called, would actually be the ruling force of the world capable of subjugating all people and determining what freedoms, if any, the people should have.

Now is the time to recognize this move for what it really is — the push for one world government that has been the cherished hope of liberals, those who place themselves above nationalism and the Communists who see such an organization as the instrument to rule the world.

## EACH ONE REACH ONE

As we reflect the critical situation of our country, and how dangerously close we are to losing it to a diabolical, insane enemy, we realize it is primarily because the truth has not been given to the people.

If the truth were known, the American people would rise up as one and destroy the traitors who are subverting every phase of their lives from birth to death.

At this late hour, we will not make any rash promise that we can save the world, but we do know that every informed person is a nail in the enemy's coffin.

We must reach more people with the truth. Will you join the crusade by sending us a dollar and ten names of local town-folk to whom we will send samples of Common Sense? Like a pebble dropped in a lake, we will never know where the ripple ends—we will never know the good that will result from this effort within the means of everyone. Remember, there is only one straw needed to break the camel's back—will it be yours?

Send us your dollar and ten names today. Stamps welcome and appreciated.

We never reveal name of donor, unless specifically requested to do so.

BANKING - REALTY

We no longer have a "Jewish Conspiracy" in the United States. We have a Jewish ruling class. The U.S.A. is THEIR country now, not yours. The U.S.A. has been conquered by a tiny, remote nation named Israel. Now we move into the next phase; indeed, we are already well into it. In this phase, the American Middle Class will be wiped out and replaced by Jews and Negroes. Mr. White Christian, you are going to move out of that pretty house in the suburbs. You are going to learn what it is like to live in a jam-packed urban slum, to labor for low wages for a Jewish employer, to pay high rent to a Jewish landlord, to pay high prices to Jewish stores. The Jews want to make sure that you will never raise your head again. To this end, they will eliminate you from all intellectual and managerial positions. You and your children will be common laborers and nothing more.

The technique being used to eliminate the Christian Middle Class follows the same pattern which was used in Germany in the 1920's. Currency inflation is a part of it. Control of communications is part of it. Control of jobs is a very important part of it. Communism is part of it; the Jews control both communism and anti-communism and play them against each other.

The Jews will take longer about ruining the American Middle Class than they did with the German Middle Class in the 1920's. The German Middle Class was ruined too rapidly, and a violent reaction resulted. The Jews will be patient this time. They will train the American Middle Class male carefully for slavery before they put him into it. They will indoctrinate him with propaganda, reduce him to a condition of powerlessness, and then still allow him to stay in his pleasant, green suburb for several years before putting him into urban slavery. This way, they will pluck the goose with only a few squawks.

You live in a pleasant suburb. When you go to the drugstore, you look at the newsstand and the paperback rack: JAMES BALDWIN, HERMAN WOUK, NORMAN MAILER, LEON URIS, BERNARD MALAMUD. No white Christian names there. You know what happens to us white Christian writers. We were driven out of business twenty years ago. So, what is it to you? YOU are doing all right. But you, Mr. White Christian, will find that your kind have no means of communication with each other. When the Jews lower the boom on you, when they get ready to move you out of your suburb and into a slum, the whole process will go virtually unnoticed. It will not be mentioned in the newspapers. True, there will be a small item in the papers saying that "Mortgage foreclosures are up." Which means that thousands of people like you are being moved from your homes into tenements. But there will be no hint that Jews are doing this to Christians in a systematic way. You'll be just another guy. Your Christian neighbors will shrug and say, "Too bad about poor old Joe. He lost his job downtown." Of course a deserving Jew boy has been found to take the job. Then your neighbor will be the next one. Christians will be moved out of the executive suites, out of the professional ranks, out of the universities, out of the business establishments.

The White American Christian is the best industrial manager the world has ever produced. He guides the industrial machine which produces even the money of the Jews. Yet the White American Christian is headed down and out in America. We would think that this energetic and talented race would make a skilled political defense of its position, its homes, its culture, its integrity. But, no! Its pose is one of supine surrender before the Jews. It allows itself to be terrorized by that Jewish Gestapo, the Anti-Defamation League. It allows its books to be written by Jews, its magazines to be edited by Jews. The white American Christian will soon be the dispossessed, the slum-dwellers, the serfs. What do they think Jewish Supremacy is for, anyway? Do they think that the Jews will con-

continue to allow them to occupy good jobs? There will be plenty of Jews and Negroes who will want those jobs. Do they think Jews will allow them to continue to live in expensive suburbs? Why should they?

Do the Christian churches think that Jews will allow them to continue to exist? These churches might become centers of resistance to Jewish domination. They will have to be closed down. This will not be done suddenly or violently, but through a process of "induced downward drift." Clergymen are swindled into supporting a Civil Rights Movement which is simply an instrument of Jewish power. The white majority is driven from one suburb to another, losing thousands on the sale of a home to unethical Jewish real estate interests, in order to avoid being inundated by hordes of rapists, muggers, thugs, and other criminal rabble. They are voiceless. No literary protests are made on their behalf.

Right now, in Edgewater, New Jersey, high-rise apartments are going up. The white middle class is moving across the River to Jersey. Why? Because in the city the schools are overrun by the uneducable product of the slums. Because white people are being murdered and raped wholesale, because their children are beaten and robbed in school. So they flee the city. They flee, but they do not escape. There is no escape from the power of the new Jewish ruling class. We have felt their fangs enough now to know what they are like. They are vicious, ruthless, merciless, clever, totally unethical, greedy, savage, and full of racial discrimination.

Their Trotskyite Marxism, which has been thrown out of Russia, is successful in the United States. Even Stalin was smarter than the white Christians of the U.S.A. He recognized immediately that the Jews were the source of the infection which was killing Russia. He knew that they would bring the Russian people destitution, famine, poverty, foreign invasion, and conquest by the Jews. In consequence, he started a cam-

paign against Trotsky, who was finally murdered in Mexico by a taciturn hood who served years in a Mexican prison and never even revealed his real name. Stalin fought the Jewish power in Russia, and was eventually murdered by Jews. The American Middle Class does not fight. After all, if you fight back, you might lose that good job downtown. BIG BROTHER, THE ANTI-DEFAMATION LEAGUE, is watching you. You'll eventually lose that good job anyway, because there will be a good Jewish lad who will want it and get it. See how low you have fallen! You tremble with fear before the Jewish machine!

The ruin of the American Christian Middle Class is now practically an accomplished fact. They sit fat, dumb, and happy in their suburbs, totally deprived of any power to defend themselves. What is called "Conservatism" is in the hands of tired political hacks, whose mentality dates back to the time of the McKinley Administration. This is exactly the kind of leadership the Jews want the Christians to have. They would fear an up-to-date, streamlined conservatism, with a high-voltage appeal to the suburbanites, the college-educated, the skilled, the courageous, the people of character and integrity who really build and defend their Country. They do not fear people living in the Past. Jews, with their monopoly on communications, have created the image of "Conservatism" which exists in the U.S.A. today. The Conservative is depicted as a greedy fellow, who wants to take away your TV set. The fact that the TV

# WHY NOT VICTORY? GET THE US OUT OF THE UN

By EVELYN M. PEYRE

San Franciscans are being thoroughly brainwashed on the marvels of Lyndon B. Johnson. In endeavor or in accomplishment, HE IS THE GREATEST! And, of course, he is fighting the war in Vietnam with the toughness of a tiger — not paper, mind you, but a real live one. For the safety of the American soldier, for our own security and future progress, I wish with all my heart that this were so.

There is a disturbing lethargy or apparent lack of concern about U.S. involvement in Vietnam, yet we are engaged in a bitter war. The American goal is freedom and the Communist goal is slavery. Past happenings should convince even our dreamers that these intentions are irreconcilable. Have we not seen the Russian bear devour everything in its path and crush everything it could get its arms around? Notwithstanding, since World War II, White House leadership has treated it like a gentle fawn.

For a while, I did think that President Johnson was determined to win the war in Southeast Asia. Disillusionment may have set in with the appointment of Henry Cabot Lodge as Ambassador to South Vietnam. When Lodge held this position in 1963, he gave aid and comfort to the enemies of the State, helped to overthrow President Diem, then rushed home to participate in the 1964 election.

This was an irremissible tragedy because the Government of South Vietnam headed by Diem was doing quite well. It controlled more than eighty percent of the territory of South Vietnam, enjoyed substantial support among the South Vietnamese, and under Diem was winning the war against the Communists. The Government now controls, by official U.S. admission, less than thirty percent of the territory of South Vietnam. To regain the lost territory will take both time and life.

I do not criticize American forces being in Vietnam; my criticism is directed against Administration policy. If President Johnson would use his efforts to fight the war rather than to exchange letters with UN Secretary General Thant on the prospect of a "negotiated" peace, we could have a victory at a minimum loss of life. Our action has been directed at targets of relatively minor military importance so as to convince the Communists that we will not be run out. Since the Communists realize that the Administration does not have the fortitude to win, they will continue their aggression.

This "no-win" policy will sacrifice our fighting men in Vietnam just as they were sacrificed in Korea. While I would like to see Nationalist China and other Asiatics join in this struggle, I do not complain about sending American soldiers to fight Communism 10,000 miles away. However, I must ask, why no attempt has been made to remove the huge Communist bastion just ninety miles from Florida? With increased Asiatic participation in the Red China sphere and definite American action in our hemisphere, victory over Communism could be rapid on all fronts.

But, do we want such a victory? This question was raised by Congressman E. Y. Berry (R.-S.D.) in his July newsletter:

"It is difficult to understand how nations of the Free World, who have been the beneficiaries of our aid for years, could do business with the Communist aggressors. Yet, unclassified reports from Lloyds of London indicate that sixty-five merchant ships from Britain, Japan, Greece, Norway, Holland and Lebanon have sold to North Vietnam this year. Classified reports are even more shocking. So long as this trade in aid of our enemies continues we cannot hope to win — so long as we permit it, how can it be said that we really want to win?"

In other fields, too, we are catering to Communism. A recent report from Geneva said that the West is prepared to lower its

requirement for security safeguards to obtain a ban on underground nuclear tests. If agreeable to the Soviet Union, the number of on-site inspections is to be reduced and the policing methods modified. As it was, the West had only demanded seven on-site inspections and many experts considered this an unsafe minimum. It should be apparent to all who love our wonderful land that the leadership in Washington will not be content until America is stripped clean of her once powerful and protective defenses. Dangerous disarmament proposals are being offered without requiring political solutions to any of the existing disputes between the Free and Communist worlds.

Over the years, we have made fabulous giveaways and fantastic concessions to Moscow. Yes, from within our own shores the Soviet Union was built into a ruthless world power and those largely responsible for our perilous predicament are still wielding influence in government and in the press. Since Communism was launched in 1917 when Lenin placed his Red mark on Russia, it should be frightening to all freedom-loving people to see that in forty-eight years Communism has spread over the world not only faster than democracy or free enterprise but faster than Christianity.

Our One-World appeasers are leading us to believe that Communism is invulnerable. They are wrong. It is the most vulnerable of all systems because it is the most despotic and most deeply hated of all systems. We have seen this resentment, this hatred, and a great national spirit in the Hungarian Revolution, the Poznam rebellion, and the East German uprising of a few years ago. A similar hatred and spirit are still in these countries and others subjected to Communist tyranny. Such resentment and spirit are also alive in Red China and in the Soviet Union; remember that eighty percent of the Chinese soldiers captured in Korea refused to return home despite the strong ties of family and thousands of Red Army soldiers defected to the side of the Hungarian Revolution. If we gave the enslaved people just a little help they would throw off their present despotism. It is time for the United States to begin

the rollback of Communist power. I am afraid that this will not be done until enough Americans demand Congress to ferret out and bring to light the suppressed facts about internal Communism in the United States and the protection of Communist expansion abroad. It is all too apparent many Communist cells are at work within the U.S. Government and they are influencing our policies. We should also insist that the United States stop building up the economic strength of the Red conspiracy by giving billions of dollars of aid to Communist countries. If treason is giving aid and comfort to the enemy, wherein does aid to Communists differ from treason? And, treason is a crime against the Constitution of our Nation. We shall be either slaves or free men and our own acts will resolve which it will be. One thing is certain, if the deplorable inertia prevalent in America continues, it will ultimately shackle us to Communism, the cruelest slave empire the world has ever known. I for one would rather lose my life fighting this God-hating enemy than lose my soul living in a godless society.

## JAMES OVIATT vs. ADL LAWSUIT

PRESS RELEASE BY JAMES OVIATT —

**RE: \$10,200,000 suit for libel and invasion of privacy. James Oviatt vs. the Anti-Defamation League, its director, Milton A. Senn, and the Jewish press.**

I thought you might be interested in giving some publicity to a recent development in my above described lawsuit.

Recently, my attorney — Mr. Jack B. Tenney — took the deposition of Milton A. Senn, Director of the Anti-Defamation League. Thereafter, Mr. Tenney advised me as follows:

**"Milton A. Senn and the Anti-Defamation League have made a motion for an order forcing us to file with the Clerk of the Court, Senn's deposition and all other depositions taken by us and said depositions to be sealed by the Clerk and to remain sealed until further order of the Court."**

The Court has the matter under submission and has not yet given its decision.

What is Milton A. Senn and the Anti-Defamation League attempting to conceal from the public?

It seems strange that anyone would try to conceal a deposition — which is public property — unless, of course, they have something to hide.

Is Mr. Senn and the Anti-Defamation League attempting to control the free press of our Country? They are recognized as experts in silencing their opponents.

Continued from page 2

set was likely made in a factory run by the conservative is disregarded. So the white Christian American industrial managers, who really make our National prosperity, are accused of being the potential destroyers of it. The total Jewish control of communications makes this possible.

Frankly, I do not see the signs of a successful revolt against Jewish rule. The Jews are firmly in the saddle. They are our Masters, and apparently we must simply learn to be good serfs. American Conservatism grumbles about abstract ideas; it does not get down to business, the business of saving us from being evicted from our homes, cheated of our jobs and incomes. In Germany in the 1920's, there was a mass migration of the German middle class from nice homes to slums. Apparently such a thing is on the verge of happening in America. The Jewish ruling class is tooting our Country (or should we now say THEIR country) madly and merrily toward consummate ruin and total destruction.

The Jew is adept at grabbing power, but totally incompetent in the exercise of it. He has no leadership qualities whatsoever. Under Jewish rule, our Country is being driven to final ruin. **"O, come with me and see the condemnation of the Great Harlot who sits upon the many waters . . ."** Truly, the U.S.A. is today a country occupied by a foreign enemy. When this country is destroyed under incompetent and corrupt Jewish rule, the 11,000,000 Jews of America will die in a day.

We Goyim are rapidly losing our stake in the future of the Country. We are not allowed to have any literature, any theater, any cinema of our own. We have to make do with the Jewish product. We are rapidly being downgraded in the occupational picture. We shall become slum dwellers and serfs. Confronted with such a gloomy future, with the prospect of being dispossessed in our own house, we are bound to think in terms of drastic changes in the world political picture.

## UNITED NATIONS PEACE-BY-INVESTMENT PLAN

### FACTS:

In a Book written by Benjamin Abraham Javits, brother of Senator Javits, entitled: "Peace by Investment — A Gigantic Corporation", copyright by United Nations World, printed by Funk & Wagnals, 36 Lexington Ave., N.Y. we perceive a large piece of the puzzle of "Foreign Aid". Paid for by the United States, eventually to be split into sections of the United Nations, "two trillions" of our tax dollars are to flow out to every corner of the world bringing happiness and prosperity to everybody except our taxpayers. However, the American taxpayer is reminded that unless this is done our planet will be blown to smithereens. Senator Javits, on 25 May 1961, introduced a bill S. 1965 "To establish a Peace-by-Investment Corporation."

A study by The Carnegie Peace Fund, made for the United Nations, gives detailed plans for the crushing of South Africa by a United Nations "peace force".

The United States Ambassador to the United Nations is apparently offering to pay the United Nations the sums due them from Russia, France, and several other small nations in order to get the General Assembly ready to function again. These debts were incurred in the barbarous Congo operations of the United Nations Peace Force, where these forces raped, killed, and burned without mercy.

A United Nations document states boldly that their forces are to be used to force recalcitrant nations to integrate the races. As South Africa, whose Blacks have the greatest per capita income of any country in Africa, and are quite satisfied with their progress, nevertheless refuses to integrate and continues its "apartheid" policy, this pretty well completes the puzzle picture for the average intelligence.

### SIGNIFICANCE:

For Americans, the fact that the United Nations plans an assault upon South Africa, should clearly warn that if the United Nations can do it to that nation, it can do it to the United States.

These facts should also indicate that the United States Government is financing the United Nations in a new adventure in blood, and that the American taxpayer is paying for the destruction of his own nation by the United Nations, so hopefully set up to bring "peace on earth."

These facts bring us face to face with the issue: Do we or do we not intend to allow the destruction of South Africa, and eventually of the United States, by a United Nations headed by a Marxist "troika": U Thant, Ralph Bunche, and Suslov? Life, liberty and the pursuit of happiness are threatened with extinction.

These facts indicate that those Americans who uphold and defend the United Nations Charter are not upholding the United States Constitution which they have sworn to uphold and defend; that they are either ignorant, or misinformed, and therefore unfit to hold their responsible positions, or they would not support the organization which is designed for our destruction. Or they indicate financial irresponsibility, to the detriment of the taxpayers who elect and pay them, and a treasonable lack of interest in the safety of the United States.

### ACTION INDICATED:

1. Support Major Arch Roberts, P.O. Box 986, Ft. Collins, Colo., who is conducting a state by state campaign to get the United States out of the United Nations. The so-called treaty whereby we joined the U.N.O. was an unlawful, unconstitutional act on the part of the President (Truman) and the Senate, neither having the power under our Constitution to surrender any part of our sovereignty to anyone. Sovereignty under our Constitution resides in the people, and they were not consulted.

2. Bombard both State and National government officials with the facts herein and demand they get us out of the United Nations.

3. Put the pressure on them to prevent the bloody conquest of South Africa, for we may be the next victim.

4. Demand the recall of Ambassador Goldberg and the expulsion of Senator Javits. Both are engaged in endeavors highly dangerous to the United States.

## IS BISHOP PIKE CONSPIRING TO DESTROY THE CHRISTIAN FAITH?

Bishop James Pike, head of the Episcopalian diocese of California, is publishing a new book on March 15, 1966 entitled, "What Is This Treasure." He recently visited Israel again and conferred in Tel Aviv with the most prominent Zionist leaders. It is reported from Tel Aviv that the new book of Bishop Pike asserts "the birthplace of Jesus was Nazareth and not Bethlehem." The Jerusalem Post of December 30, 1965 reports "the introduction to the book was completed while he was here on this, his third visit to Israel."

The conspiracy of Bishop Pike with Zionist leaders is intended to weaken the Christian faith and blast the foundation of Christianity. Imagine the bewilderment of Christians if they are told now that Christ was born in Nazareth and not in Bethlehem. This will lead them to doubt other Christian beliefs. This new heresy of Bishop Pike is not the first. Many who read his last book, "Time for Christian Candour", will remember how that book caused a considerable stir throughout the country on account of Bishop Pike's heretical views on many of the traditions of the Christian Church.

The Johnson bombing of North Viet Nam is simply a phony. It deceives the American people with the illusion that the President has acted forcefully to eliminate this enemy sanctuary, when in fact he has carefully restricted the bombing so as to avoid really hurting the Hanoi regime.
